

RAPPORT ANNUEL ANNUAL REPORT

2006/7

uOttawa

L'Université canadienne
Canada's university

POINTS CULMINANTS

- le nouveau programme d'études de collaboration du baccalauréat débute en septembre 2007
- le programme de formation des infirmières et infirmiers praticiens sera offert au niveau des études supérieures
- mise à jour des règlements de l'École afin d'inclure les partenaires du programme de collaboration
- Un nouveau site web pour les programmes d'études supérieures de l'École
- Nancy Edwards reconnue par l'université et autres organismes pour l'excellence en recherche
- Dave Holmes reconnu par l'Université pour l'excellence en enseignement

HIGHLIGHTS

- new collaborative baccalaureate curriculum starting September 2007
- nurse practitioner program moves from certificate to master's level
- School's bylaws revised to include collaborative partners
- new School of Nursing graduate studies website
- Nancy Edwards recognized by the University and other organizations for research excellence
- Dave Holmes recognized by the University for teaching excellence

**ÉCOLES DES INFIRMIÈRES / SCHOOL OF
NURSING**

Ce fut une année très replie pour l'École des sciences infirmières. En janvier, madame Kirsten Woodend a débuté son mandat à titre de directrice et doyenne associée à l'École. Madame Betty Cragg, directrice intérimaire depuis une année et demie, a été nommée directrice associée. Elle continuera à soutenir l'École en tant que directrice adjointe aux programmes d'études du baccalauréat à compter du 1er juillet 2007.

Dr Pierrette Guimond will be stepping down as Assistant Director for the graduate programs at the end of June. In her two years in that post Pierrette has led many improvements in the graduate program including the production of a graduate student handbook, easy-to-follow program plans, guidelines for the PhD comprehensive examinations and thesis approval, overseeing the 2007 OCGS review of our graduate programs and the development and maintenance of the graduate nursing program website.

De grands changements sont prévus pour l'année scolaire 2007-2008. Le programme d'infirmières et infirmiers praticiens, qui est offert par l'entremise d'un consortium de neuf universités, sera offert au niveau gradué. Les admissions sont en cours pour le programme de Maîtrise/IP. La première année du nouveau programme d'études du programme de collaboration du baccalauréat commence en septembre prochain. Un programme d'entrée de second niveau est en attente d'approbation et ce dernier est prévu pour l'année scolaire 2008-2009. L'année scolaire 2008-2009 est aussi l'année où les derniers étudiants seront admis au programme anglophone du baccalauréat pour infirmières et infirmiers autorisés.

In September of 2007, the School Executive Committee began making revisions to bylaws. Major changes include the addition of representatives of the collaborating schools (Algonquin-Woodroffe, Algonquin-Pembroke, La Cite Collégiale, and Collège Universitaire St. Boniface) to the School Council and the recognition of the Collaborative Baccalaureate Committee. The new bylaws were approved at School Council in the spring and if approved by the Faculty and University will come into effect in the fall of 2007.

D'autres événements qui se sont déroulés au courant de l'année se doivent d'être soulignés sont : la deuxième journée annuelle d'orientation pour les nouveaux professeur(e)s (29 août 2006); le Conseil Ontarien des Études Supérieures (OCGS) a passé en revue les programme d'études supérieures (22-24 janvier 2007); une journée de planification stratégique s'est tenue au Stanley's Old Maple Lane Farm (4 mai 2007); une journée de développement professionnel (16 mai 2007); et la journée de planification de programme d'études (29 mai 2007). Quarante-huit (48) membres de la faculté et professeur(e)s à temps partiel ont participé à la journée de développement professionnel. Soixante (60) membres de la faculté, du personnel en double affectation, des professeurs à temps partiel et de nos partenaires ont participé à la journée de planification stratégique. L'École remercie tous les membres du corps professoral, le personnel en double affectation, les professeurs à temps partiel et des partenaires pour le travail accompli pour l'avancement de l'École. Le processus de planification stratégique a débuté par une analyse de SWOT en février/mars dernier et a continué lors de la journée de planification stratégique en mai. Une ébauche du plan stratégique sera développée au courant de l'été.

May 4: Faculty enjoying lunch after a morning of strategic planning

The School of Nursing is pleased to welcome the new professors starting work with us this summer. Marie-Claude Thifault will be joining us as an assistant professor and has a background in psychiatric nursing

but her passion is history and she will be joining the Nursing History Unit team. Dr. Thifault has recently authored a book on a Quebec psychiatric institution "Une toupie sur la tête". Helene Laperriere, joining us as an assistant professor, is completing her PhD at the University of Montreal and her area of expertise is community health. Helene has been teaching part-time with the School. Patrick O'Byrne is a doctoral student here at the University of Ottawa and he will be joining the school as a lecturer and occupy a tenure track position once his PhD is complete. Halina Siedlikowski and Sylvie Buisson will be sharing a teaching associate position on a one-year contract. Halina and Sylvie share a background in psychiatric and mental health nursing.

L'École des sciences infirmières et le Centre hospitalier pour enfants de l'est de l'Ontario sont toujours à la recherche de candidat(e)s pour combler un poste de Chaire en recherche en soins infirmiers auprès d'enfants, d'adolescents et leurs familles. Nous espérons également avoir une deuxième Chaire de recherche à l'École dans un avenir rapproché, la Chaire de recherche Loyer DaSilva en soins de santé publique.

Kirsten Woodend, Directeur

**COMITE DU PROGRAMME DE
COLLABORATION DU BACCALAUREAT /
COLLABORATIVE BACCALAUREATE
PROGRAM**

Le programme de collaboration du baccalauréat en sciences infirmières (La cité collégiale, Algonquin College, Collège universitaire St-Boniface et Université d'Ottawa) est en phase de renouveau. Un nouveau curriculum de 120 crédits débute à compter de septembre 2007. La proposition pour ce changement au curriculum fut approuvée par le Sénat de l'Université en novembre dernier et l'École accueillera en septembre 2007 les étudiants de première année du nouveau curriculum. A la première année du programme les cours de sciences, sciences sociales et au choix sont à l'horaire et les cours de sciences infirmières sont offerts à compter de la deuxième année du programme. L'École planifie des activités auprès des étudiants de première année afin de

développer chez les étudiants un sentiment d'appartenance à l'École des sciences infirmières.

The Curriculum Development Day was held on May 29th, where faculty from all sites, joint appointees, agency partners and students participated in working on the new course concepts, teaching and evaluation strategies for the new curriculum (total of 60 participants). It was agreed that different working groups, specific to each new course, will be working on developing the courses in the coming year.

Cette année nous avons organisé deux activités pour les professeurs à temps partiel. Une journée d'orientation le 29 août 2006 pour les nouveaux professeurs et nous avons également invité les autres professeurs à se joindre à nous. Le 16 mai 2007 nous avons invité les professeurs de stage clinique à une journée de développement professionnel. Le thème de l'atelier était de parfaire les stratégies d'évaluation utilisées en milieu clinique pour accompagner les étudiants qui rencontrent des difficultés dans leurs apprentissages. Un total de 48 professeurs de stage clinique a participé.

Following the changes to the Bachelor of Sciences in Nursing, the Academic Pathways for the Registered Practical Nurse and for the Internationally Educated Nurse to Bachelor of Sciences in Nursing were also modified to reflect the changes to the new curriculum. The collaboration with the Collège universitaire St-Boniface is that students register in the fourth year of the Bachelor of Sciences in Nursing program therefore modifications to their fourth year curriculum were also made.

In response to a call from the Ministry of Training, Colleges and Universities to make nursing programs more accessible and to graduate baccalaureate prepared nurses in a more timely fashion, the University of Ottawa has committed to developing second entry programs for anglophones (24 students) and francophones (12 students). This program is for students who have completed at least 60 university credits of university level study. The starting date of the second entry program is planned for summer 2008.

Le rapport pour le programme d'agrément de l'Association canadienne des écoles de sciences

infirmières (ACÉSI) devait être remis en 2007. Puisque les changements au curriculum furent en partie influencés par les recommandations du rapport de la mise en candidature de l'École (août 2004), que le programme de Pembroke n'a pas encore gradué d'étudiants et que le nouveau curriculum débute en septembre 2007, l'ACÉSI a repoussé la date de l'agrément à l'hiver 2009.

*Sylvie Corbeil, Administratrice du programme
d'études de premier cycle*

**BACCALAUREATE PROGRAM FOR
REGISTERED NURSES / PROGRAMME DE
BACCALAUREAT POUR INFIRMIERES ET
INFIRMIERS AUTORISES**

The program for Registered Nurses continues to attract Registered Nurse students from Ontario and Quebec. However, since the advent of baccalaureate entry to practice in Ontario in 2005, the number of applications from Ontario for the program in English has decreased markedly. It was therefore decided that the anglophone program should be phased out. In December, School Council passed a motion to accept the last students into the anglophone program in the fall of 2008. The motion is still on its way through university committees, but we anticipate approval by autumn 2007. Because part-time students admitted to the program have up to 6 years to complete it, we anticipate that we will continue offering courses in the Anglophone program until 2014. Recruitment sessions have been held in Winchester, Queensway Carleton, Pembroke and The Ottawa Hospital. A new distance site in the anglophone program will be opened at Winchester. It is anticipated the one cohort of students will complete the program there. This year we have accepted 63 students into the program. In 2007-8, we will hold recruitment sessions to inform potential students that this year is their last opportunity.

Le programme francophone pour infirmières et infirmiers autorisés continuera puisqu'il a débuté en 2005. Le nombre d'étudiants ontariens est suffisant pour maintenir l'existence de ce programme quelques années de plus. Nous avons admis maintenant 19 étudiant(e)s dans le programme en 2006. Un programme de recrutement de l'Université d'Ottawa en collaboration avec le Centre national de formation en français sera mis en place pour les candidats de l'Ontario.

There have been proposed changes to the electives and concentrations in the anglophone program. Once again, we are awaiting final approval from university committees. Two courses in the gerontics concentration, NSG 4306 and 4316 will be combined into one course, NSG 4319, and Palliative care is added to the concentration requirements. The clinical courses in most of the concentrations have been combined into one course code. Because very few students choose a clinical elective, it is efficient to have one professor supervise students in related fields. There will be specialty based sections of the combined course when there are sufficient numbers.

Nous voulons remercier tous les professeur(e)s à plein temps et à temps partiel pour leur contribution au programme cette année. La plupart ont enseigné des cours à distance et ont donné aux étudiants l'opportunité de suivre une formation à distance. Nous remercions également le centre d'enseignement à distance et les coordonnatrices de tous les sites.

Betty Cragg, Associate Director

**PROGRAMMES DES ETUDES SUPERIEURES /
GRADUATE PROGRAMS**

Le comité des études supérieures de notre école termine une autre année scolaire très productive. Il me fait plaisir de vous présenter la liste de ses principales réalisations. C'est grâce au travail assidu et consciencieux de tous les membres du comité que nous avons pu surpasser les objectifs que nous nous étions fixés au début de l'année. Je les remercie sincèrement pour leur contribution et leur soutien.

Affaires étudiantes / Student's business

1. Production of video clips capturing the whole student's orientation day available for all to view at their own leisure via the Web site.
2. Développement et distribution via Internet d'un questionnaire pour identifier les besoins des étudiantes à distance.
3. Allocation of a new room including 4 working stations for Doctoral students as well as exclusive use of a computer lab including 10 working stations for Graduate students.
4. Développe un répertoire de thèses et intervention infirmières réalisées par les étudiantes diplômées de nos programmes en

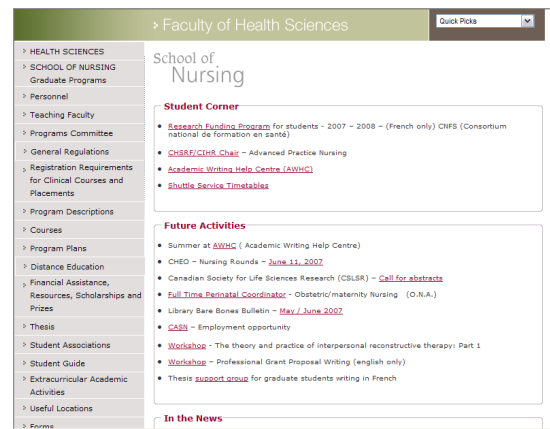

sciences infirmières, accessible sur notre site internet.

5. Develop a new policy and procedure to provide library access to all nursing interventions designed by students in the clinical option.
6. Crée une page sur notre site internet pour mettre en lumière le rayonnement de nos étudiants notamment les récipiendaires de subventions, de bourses et de prix.
7. Develop a web page grouping all relevant information for distance students.
8. Organise des séminaires midi, bimensuel, en anglais et en français, pour les étudiantes, les professeures (de l'école, auxiliaires, en double affectation) et les infirmières affiliées à notre école.
9. Revise, print and distribute a new student guide.

Affaires administratives / Administrative business

1. Complete revision and printing of a new edition of the FGPS – Nursing booklet.
2. Création et mise à jour régulière d'un nouveau site Web pour nos programmes aux études supérieures
<http://www.sante.uottawa.ca/esi/pes/> ou
<http://www.health.uottawa.ca/sn/gp/>.
3. Establishment of a new centralized mode of communication for students, professors, joint appointees, adjunct professors and cross appointees via the home page of our new web site.
4. Développement d'un document regroupant 13 étapes pour la réalisation d'une thèse avec les liens pertinents à la FÉSP.
5. Development of a new form called « Nomination of thesis committee members ».
6. Révision du processus interne (correspondance, étapes à réaliser, salle, etc..) pour les soutenances de thèse.
7. Creation of a new bulletin board for the graduate programs.
8. Collaborer avec le centre du cyber apprentissage pour permettre la participation de nos professeures à une conférence sur l'enseignement à distance pour les professionnels de la santé.

9. Développe un nouveau guide pour assister les professeures dans leur rôle de conseillère intérimaire.
10. Establishment of training and support sessions for professors involved in distance education.
11. Adopte une nouvelle formule pour l'assignation des conseillères intérimaires.

Le Nouveau Site-Web pour les programmes des études supérieures

Affaires curriculaires / Curriculum Business

1. Develop a new policy and procedure for the course NSG 6999 – Directed study.
2. Révision et changement du but, des objectifs, des champs et des cours obligatoires et des cours au choix pour notre programme de doctorat.
3. Develop a policy for the course EDU 5191 – Methods and interpretation of quantitative research I.
4. Développe un nouveau gabarit pour assister les professeures à la réalisation du plan de cheminement pour les étudiantes.
5. Change the current policy for the general grade point average required upon completion of the course work in the Master's program.
6. Planifie et organise une journée de retraite pour discuter des affaires curriculaires relatives à nos programmes aux études supérieures.
7. Develop new program plans for the Primary Health Care Nurse practitioner Graduate Program.

8. Planifie et accompagne les évaluatrices du COES lors de leur le visite en janvier.
9. Receive and share the great news that our Doctoral Program, Master of nursing - Primary Health care; Tertiary Health Care and; Primary Health Care Nurse Practitioner receive a mention of Good quality accompanied by a 7 year accreditation from OCGS.
10. Ajout de deux préalables au cours NSG 7110 - Séminaire de doctorat.

The details pertaining to most of the committee's accomplishment listed above are available on our Graduate programs Web site. The names of the Graduate committee members, the prizes and scholarship recipients and our new graduates are also available on our web site.

Pierrette Guimond, Directrice-adjointe aux Programmes d'études supérieures

**PROGRAMME DE FORMATION DES
INFIRMIERES ET INFIRMIERS PRATICIENS
EN SOINS DE SANTE PRIMAIRES / PRIMARY
HEALTH CARE NURSE PRACTITIONER
PROGRAM**

Le programme ontarien de formation des infirmières et infirmiers praticiens en soins de santé primaires a admis 159 étudiants, 146 dans le programme anglophone et 13 dans le programme francophone. À l'Université d'Ottawa, 19 étudiants anglophones, 1 dans le programme combiné de M.Sc. (Sc.Inf.) et Certificat d'infirmière praticienne en soins de santé primaires et 9 étudiants francophones, 3 dans le programme combiné de M.Sc. (Sc.Inf.) et Certificat d'infirmière praticienne en soins de santé primaires ont été admis.

The Primary Health Care Nurse Practitioner program admitted 159 learners provincially, 146 in the Anglophone program and 13 in the Francophone program. At the University of Ottawa 19 Anglophone learners, 1 in the combined Masters / Certificate program NP and 9 Francophone learners, 3 in the combined Masters/ NP Certificate program were admitted.

Le programme d'IIP se déplace à un niveau gradué provincial pour débiter en 2008 en attendant des approbations appropriées.

The NP program is moving to a graduate level provincially this is proposed to commence in 2008 pending appropriate approvals.

*Jennie Humbert & Suzanne Doucette,
Coordinators*

**COMITE DES NOMINATIONS /
NOMINATIONS COMMITTEE**

Le comité des nominations a tenté de trouver preneurs pour l'ensemble des positions distribuées dans les 5 comités de École. La tâche des personnes responsables du comité des nominations est difficile étant donné que les professeurs sont excessivement occupés et par conséquent sont difficilement disponibles pour assumer des tâches dans les divers comités de l'École. Les nouvelles lignes directrices de l'École proposent d'ailleurs l'abolition du Comité de l'admission et des prix d'excellence au premier cycle. L'abolition de ce comité permettra certes de mieux combler les besoins dans d'autres comités. Le Comité de recrutement (Recruitment Committee) est à revoir car des personnes extérieures à ce comité assumaient régulièrement des tâches de recrutement sans faire nécessairement partie du comité. Il était alors difficile pour le Comité des nominations de savoir qui fait quoi. En juin 2007, plusieurs mandats viennent à échéance. Les postes comblés sont :

CPEÉ/STPC

- | | |
|------------------------|-----------------------|
| 1. Kirsten Woodend | selon son mandat |
| 2. Betty Cragg | 01.07.2007-30.06.2009 |
| 3. Nancy Edwards | 01.07.2007-30.06.2009 |
| 4. Frances Bourbonnais | 01.07.2007-30.06.2008 |
| 5. Dave Holmes | 01.07.2007-30.06.2009 |
| 6. Meryn Stewart | 01.07.2007-30.06.2009 |

CÉS/GRAD COMMITTEE

- | | |
|----------------------|-------------------|
| 1. Pierrette Guimond | (Chair) |
| 2. Betty Cragg | 01.07.06-01.06.08 |

BIBLIOTHEQUE DES SCIENCES DE LA SANTE / HEALTH SCIENCES LIBRARY

<http://www.biblio.uottawa.ca/rgn/> - Change your bookmarks – new web page and new look!

Access and Services – New!

- Réservation en ligne pour de l'équipement audio-visuel au Pavillon Roger Guindon / Online booking for audio-visual materials at RGN
- Une imprimante Relmon est disponible à la bibliothèque / A Relmon printer is now located in the library
- Productivity (Microsoft office) software installed on public workstations.

- Un service de prêt de portable est offert depuis l'automne 2006. Seulement 10 personnes se sont prévaluées de se services. L'équipement a été emprunté 202 fois en mars / A laptop loan service began fall 2006. With only 10 loaners, in March they were borrowed 202 times.
- A Study Retreat and 4 new group meeting rooms were constructed in Phase I renovations in summer. There are now more study spaces, better facilities and there has been a 10% increase in library visits; weekend use rose in the winter term 52%. Phase 2 Renovations are to be completed by 2010.
- The library extended hours during the fall, and the winter semesters: 8:00am-11:45pm. There was little use. The shuttle hours need to be extended to at least 10 p.m.
Collections/Tools – New!
- New web pages for communities of clients – research, PDA users/resources, the Institute for Population Health.
- A new A-Z list of e-journal list with library holdings.
- UOttawa holdings are now activated on Google Scholar.
- Compared to last year, the library has been able to acquire 7% more monographs (including e-books). Using approval plans, many titles arrive as soon as they are published. We have begun to move from VHS to DVD. A collection of videos/dvd from the Injoy company in the field of Perinatal nursing has been purchased. Three new tenured professors each received a \$2,000 collection grant.
- La majorité des livres publiés avant 1990 ont été acheminés à l'Annex de la bibliothèque. En sciences infirmières, 50% des livres ont été gardés à la bibliothèque du pavillon Roger Guindon, incluant ceux dont M. Stuart a identifié et ceux qui ont été utilisés au moins une fois en 2006 ou 2007, peu importe l'année de publication. Le matériel sur Annex est disponible pour emprunt et est livré quotidiennement. / Most books published before 1990 have been sent to our Library Annex. In Nursing, about 50% of books were kept in the RGN library, including those that M.Stuart had identified as well as those that had been used at least once in 2006 or 2007, regardless of year.

Material at the Annex is available for loan and delivered daily.

- Starting spring 2007, the Intervention Design papers (Devis d'intervention) are being selected by the professors for deposit in RGN. Fully catalogued, they will be shelved with theses and available for onsite consultation. 6 papers from the English stream (NSG6401) and 1 from the French stream (NSG6801) are expected.

New e-resources:

- e-cps / e-therapeutics, a drug database
- UO will re-subscribe at the supporter's subscription level to BioMedCentral.
- Thieme medical atlas collection

Teaching Information Skills & Information Services

- Chat service improved by using Meebo. Clients can chat directly on our library web page or use any other IM to reach us.
- Library Instruction within the 1st year nursing curriculum was divided between the fall and the winter semester to better meet students' needs. PubMed, CINAHL and RefWorks are covered.
- Les objectifs d'apprentissage sur les instructions de la bibliothèque ont été revues. / Learning objectives for Library Instruction have been reviewed.

Collaboration

- Effectif en avril 2007, le personnel de recherche Champlain LHIN reçoit les services de la bibliothèque de l'Université, par l'entremise de la bibliothèque des sciences de la santé. / Effective April 2007, Champlain LHIN research staff are receiving library services from the University, coordinated by the Health Sciences Library.
- The Ontario Learning Resources for Nursing licenses were renegotiated for the colleges and universities.
- The SmartLibrary project is very popular and the age limit for borrowing was reduced to 16 years.
- Comité aviseur de la bibliothèque : Susan Brajtman a siégé à titre de présidente et a complété son mandat. Jocelyne Tourigny continuera son mandat l'an prochain. / Library Advisory Committee: Susan Brajtman completed her term and served as chair. Jocelyne Tourigny will continue on the Committee next year.

Stay tuned - Replacement of the Sunray terminals by pc's in all the libraries.

Dianne Kharouba, Director Health Sciences Library; Karine Fournier, Chief, Reference Services; Michelle Leblanc, Liaison Librarian

PRIX / AWARDS

Note : Les listes de prix, de publications et de bourse fut soumises par le corps professoral et il se peut qu'elle ne soit pas complète

Note : The lists of prizes, publications and awards was compiled from submissions by faculty and may not be complete.

Prix reçu par les corps professoral / Awards received by faculty

Susan Brajtman: University of Ottawa Interdisciplinary Research Prize in 2006

Nancy Edwards: 2007 Award for Excellence in Research from the University of Ottawa; 2007 YMCA-YWCA Women of Distinction Award (Rx&D Science, Research and Technology Award); June 8, 2007 Honorary Doctorate, Thompson Rivers University, Kamloops, BC

Dave Holmes: University of Ottawa Excellence in Education Award, University of Ottawa, 2006-2007; Faculty of Health Sciences Excellence in Education Award, University of Ottawa Faculty of Health Sciences, 2006-2007

Susan Brajtman (2nd from right) - Interdisciplinary Research Prize

Prix reçus par les étudiant(e)s de 2^e et 3^e cycle / Graduate Student Awards

Lisa Bitonti (MScN): Breast Cancer Risk: Practitioner Decision Support Needs Assessment, \$9,719, Ottawa Regional Cancer Foundation

Wendy Gifford (PhD): RNAO PhD fellowship

Kerry Anne Hogan (MScN) 2006-7 CIHR Strategic Training program in Palliative Care research.

Jean-Daniel Jacob (PhD): OGS Award (declined), SSHRC Doctoral Award (2007-2010)

Jen Kryworuchko (PhD) Doctoral studies award from the FUTURE Program for Cardiovascular Nurse Scientists, Karen Taylor Nursing Bursary from The Ottawa Hospital

Lucie Lacasse (maîtrise-clinique), Bourse du Centre de sécurité des patients de L'Hôpital d'Ottawa ; Bourse de la Fondation des infirmiers et infirmières du Canada ; Prix Marie Loyer da Silva pour le meilleur projet clinique. - 2007

Mary-Ann Murray (PhD): 2006 – Health Innovation Award, Ottawa Life Sciences Council; 2006 – University of Ottawa. Award of Excellence; 2006 – Canadian Federation of University Women (CFUW). Dr. Alice E. Munro Scholarship; 2006 – Foundation of Informed Decision Making (FIMDM). George Bennett Doctoral Dissertation Award; 2007 – Registered Nurses Ontario Foundation (RNFOO). Kathleen Howe Mitchell Scholarship

Patrick O'Byrne (PhD): OGS (declined), CIHR Doctoral Award (2006-2009), Winner 2007 CIHR National Poster Competition (June 2007)

Amélie Perron (PhD): OGS (declined), CIHR Doctoral Award (2005-2008)

Kathy Vandemheen (MScN): Vandemheen K, Aaron S, O'Connor A, Tullis E, & Poirier C. Development of a Decision Aid for Adult Cystic Fibrosis Patients Considering Bilateral Lung Transplantation. 2005-2007 Term Grant, PSI: \$92,000 and \$8,300 OTS Block

Brandi Vanderspank (MScN): 2006-7 CIHR Strategic Training program in Palliative Care research.
